

SERVICE ANIMALS AT SCHOOL - STUDENTS AND PUBLIC

The Board of Education acknowledges its responsibility to permit students and/or adults with disabilities to be accompanied by a service animal on school property and/or facilities and/or at school functions as required by the Americans with Disabilities Act, 28 CFR Part 35, and applicable California law subject to the rules and procedures described in this regulation.

1. A service animal must be a dog or in limited specific circumstances, a miniature horse. No other species of animal, whether wild or domestic, will be permitted as a service animal.
2. Miniature horses: Requests to permit a miniature horse to accompany a student or adult with a disability on school property and/or facilities and/or at school functions will be handled on a case-by-case basis, considering:
 - a. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
 - b. Whether the handler has sufficient control of the miniature horse;
 - c. Whether the miniature horse is housebroken; and
 - d. Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.
3. A service animal must be required for the individual with a disability and the service animal must be individually trained to do work or a task for the individual with a disability. These tasks may include, but not be limited to, guiding an individual with a disability, alerting individuals with impaired hearing, pulling a wheelchair, or fetching dropped items. The task performed by the service animal must be directly related to the functional limitation of the individual's disability. Service animals are working and are not pets.
4. If it is obvious what service the animal provides to the individual with a disability, then staff should not make any further inquiries regarding the tasks performed by the service animal (i.e., guide dog for an individual with impaired vision). Only limited inquiries are allowed by district staff to determine if a dog is a service animal when it is not obvious what service the dog provides and staff may ask only the following questions:
 - a. Is the service animal required because of a disability?
 - b. What work or task has the service animal been trained to perform?

SERVICE ANIMALS AT SCHOOL - STUDENTS AND PUBLIC (continued)

Staff cannot ask about the individual's disability, require medical documentation, require a special identification card or training documentation for the service animal, require the service animal to wear an identifying vest, or ask that the service animal demonstrate its ability to perform the work or task.

5. Therapy, comfort, or companion animals are not service animals.
6. This regulation does not address service animals being trained as service animals but not actually performing a task for an individual with a disability.
7. Any person knowingly and fraudulently representing himself or herself through either verbal or written notice to be the owner or trainer of a service dog shall be guilty of a misdemeanor punishable by imprisonment in the county jail not exceeding six months, by a fine not exceeding one thousand dollars, or both by fine and imprisonment.

Responsibilities of Individual with a Disability/Handler

1. All animals must be treated for, and kept free of, fleas and ticks and other pests.
2. All animals must be kept clean and groomed to avoid shedding and dander.
3. The owner/handler of the animal is liable for any harm or injury caused by the animal to other students, staff, visitors and/or property.
4. All animals must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the animal's safe, effective performance of work or tasks, in which case the animal must be otherwise under the handler's control.
5. The district is not responsible for the care or supervision of the service animal, such as walking the animal or responding to the animal's need to relieve itself. The owner/handler of the service animal must always carry equipment sufficient to clean up the animal's waste, immediately remove the waste, and be responsible for the proper disposal of the animal's waste.
6. Students with service animals are expected to care for and supervise their animal. In the case of a young child or a student with disabilities who is unable to care for or supervise his/her service animal, the student's parents are responsible for providing care and supervision of the animal. Issues related to the care and supervision of service animals will be addressed on a case-by-case basis at the discretion of the principal or designee.

SERVICE ANIMALS AT SCHOOL - STUDENTS AND PUBLIC (continued)

7. If the request is for a service dog, the person making the request must provide annual proof of the following vaccinations: DHLPPC (Distemper, Hepatitis, Leptospirosis, Parainfluenza, Parvovirus, Coronavirus), Bordetella, and Rabies.
8. All service dogs must be spayed or neutered.
9. If the request is for a service miniature horse, the person making the request must provide annual proof of the following vaccinations: Equine Infectious Anemia (Coggins Test), Rabies, Tetanus, Encephelomyelitis, Rhinoneumonitis, Influenza, and Strangles.

Removal of a Service Animal

1. The principal or designee may ask any individual who brings a service animal to a school property and/or facility and/or school function to remove the service animal if any one of the following circumstances occurs:
 - a. The animal is out of control and the animal's handler does not take effective action to control it;
 - b. The animal is not housebroken; and/or
 - c. The animal's presence would pose a direct threat. Pursuant to 28 CFE 35.104, a direct threat is defined as a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services.
2. When an individual's service animal is excluded, he/she shall be given an opportunity to participate in the service, program, or activity without having the service animal present.

Service Animal Request by a Member of the Public

All requests for a member of the public to bring a service animal to a school property, facility and/or school function must be directed to the principal, designee, or school site administrator as appropriate. The principal, designee, or school site administrator shall, in accordance with this regulation, confirm that the animal is a service animal and shall, upon the request of the individual, provide the individual with a copy of this regulation.

When practically possible, the member of the public requesting to bring a service animal to a school property, facility and/or school function is encouraged to make the request in writing 10 business days prior to the date the member of the public plans to bring the service animal; however, the individual cannot be required to provide this advance written notice to bring a service animal to a school property, facility or school function.

SERVICE ANIMALS AT SCHOOL - STUDENTS AND PUBLIC (continued)**Service Animal Request on Behalf of a Student**

All requests for a student to bring a service animal to a school property, facility and/or school function must be made in writing, 10 business days prior to the date the student plans to bring the service animal, to the site administrator.

The principal or designee shall, in accordance with this regulation, confirm that the animal is a service animal and shall provide the student's parent/guardian with a copy of this regulation and require the student's parent/guardian to acknowledge in writing that the parent/guardian has received a copy of the regulation, the parent/guardian understands the contents of the regulation, and the parent/guardian agrees to comply with the regulation. As part of the approval process, the student's parent/guardian must provide proof that the service animal has received all required vaccinations.

The principal or designee shall review and approve or deny requests to bring a service animal to a school property, facility and/or school function on a case-by-case basis.

The principal or designee shall give such permission to bring a service animal to a school property, facility and/or school function only after he/she has provided written notification to all parents/guardians of the students in the affected class(es) and staff in the affected class(es), asking them to verify whether their child or if they have any known allergies, asthma, or other health condition that may be aggravated by the service animal's presence. When an individual has provided notification that his/her child or the staff member has provided notification that he/she has an allergy, asthma, or other health condition that may be aggravated by the service animal, the principal or designee shall take appropriate measures to protect the student or staff member from exposure to the service animal. Allergies and fear of dogs are not valid reasons for denying access or refusing service to individuals using service animals. When an individual whose health is aggravated by the service animal's presence and an individual who uses a service animal must spend time in the same room or facility, for example, in a school classroom or at a school cafeteria, both individuals should be accommodated by assigning them, if possible, to different locations within the room or different rooms in the facility.
